

## Sponsored by the Covina Cultural Arts Advisory Commission

Join us for the 2<sup>nd</sup> Annual Chalk Art Competition in Covina that will transform the expanse of cement in Heritage Plaza into a bright and colorful street museum. Over the course of the day, artists from all over the area - professional, amateur, and students will captivate audiences as they take to the pavement armed with vivid pastel chalks and spend hours on their hands and knees recreating major masterpieces.

The public is welcomed to stop by and watch as artists make these beautiful chalk pieces come to life. The artwork will be on display starting on May 4 and last through May 9 or as long as the artwork (and weather) holds up. Artists will be awarded prizes from a variety of Covina businesses. There will be a kids' chalk area as well.
